WHAT ARE THE BENEFITS OF modeFRONTIER?

The 5 proven benefits are:

1. Greatly reduces design cycle time
2. Significantly lowers costs
3. Provides an extremely effective tool for making design decisions
4. Delivers optimised designs automatically under user guidance
5. User friendly and intuitive

AGENDA

- 09:45 Registration and Refreshments
- 10:00 EnginSoft & modeFRONTIER Introduction
- 10:45 Exercise 1: Workflow Walkthrough
- 11:45 Exercise 2: Process Integration
- 12:30 Lunch
- 13:30 Exercise 3: Optimisation & Sensitivity
- 14:30 Exercise 4: Response Surface Modelling
- 15:15 Wrap-up and close

WHO SHOULD ATTEND?

modeFRONTIER has a wide range of benefits and can be applied to many applications from engineering design to business model optimisation. You should attend if:

- You wish to understand the benefits to your organisation
- You have heard about modeFRONTIER but would like to take it for a "test-drive"
- You wish to develop your skill set
- You wish to experience the superior power of modeFRONTIER
- You would like to acquire some initial training following a Solution Validation Day

REGISTRATION
